TAKING EDUCATION TO THE PEOPLE

eLearning the new way of learning

The outbreak of COVID 19 and the subsequent lockdown resulted in the Ministry of Education, Arts and Culture (MoEAC) and NAMCOL joining hands in the development of eLearning content for Grades 8,11 and NSSCO. The aim of the project was to create a digital repository for learning resources which can be accessed by all learners and teachers in both the formal and non-formal school settings.

The repository has now been populated with a variety of lessons and is available to all learners from Grade 8-11, both in the formal and non-formal school systems, to access these materials.

Radio and video lessons can be accessed through the NAMCOL and the Ministry of Education, Arts and Culture's websites. Additional materials are also available on the Notesmaster platform.

In addition, radio and video lessons are a click away on the NAMCOL and the Ministry of Education, Arts and Culture's websites. The content on the NAMCOL website can be accessed under eLearning Resources, the same content is accessible on the MoEAC YouTube channel, additional materials are also available on the Notesmaster platform which can be accessed on the notesmaster website.
